HFSA

HEART FAILURE SOCIETY OF AMERICA

MAKE CONNECTIONS.

Make a difference in heart failure.

Become a member of the only professional society representing all members of the multidisciplinary heart failure team.

JOIN TODAY!

Over 6.5 million Americans have heart failure and half of those people will die within five years of diagnosis. Driven by the primary goal of reducing the burden of heart failure on patients and families worldwide, HFSA provides education, research, innovation, and advocacy to the clinicians, researchers, patients, and others with an interest in the field of heart failure.

What is HFSA?

The Heart Failure Society of America is a membership association that seeks to significantly reduce the burden of heart failure by providing collaboration, education, research, innovation, and advocacy to providers, patients, and caregivers.

HFSA is a connection point for engagement between clinicians and patient advocates. It is comprised of 2,000+ members from 28 countries, with a strong foundation in the U.S.

BECOME A LEADER. MAKE A DIFFERENCE.

MEMBER BENEFITS.
