

Join Cytokinetics for an Industry-Expert Theater Presentation

Exercise Testing in Hypertrophic Cardiomyopathy (HCM): Who, Why, and How?

OBJECTIVES

- Identify the disconnect between symptom reporting and acceptance of a “new normal” based on the limitations imposed by HCM
- Relate maximum metabolic equivalents achieved to pVO_2
- Identify exercise testing as an objective, prognostic, and reproducible measure of functional capacity

Saturday, September 28

12:45 PM–1:45 PM ET

**Industry Expert Theater 1
HFSA Exhibit Hall
Georgia World Congress Center**

This Industry Expert Theater is not part of the scientific program as planned by the HFSA Program Committee. This event is neither sponsored by nor endorsed by HFSA.
